

TOWELRADS PISA HORIZONTAL

The Pisa 25mm bar range is our market leading ladder rail. The diameter of the bar is directly linked to heat output so the larger the bar, the higher the holding capacity of the towel rail, giving greater heat output. Available in both straight and curved designs, this radiator compliments any bathroom.

Available in both straight and curved designs, the Pisa radiators will compliment any bathroom.

The Pisa horizontal radiator provides high heat output through the use of multiple 25mm bars.

Max working pressure: 10 bar

Maximum working temperature of 110°C.

10
YEARS
Manufacturers
Warranty

Works with both
central heating and
electric fuel sources

1-2 Day Delivery

Available in Chrome

FEATURES AND BENEFITS

- High heat output achieved by using 25mm bars.
- Can be used on central heating or Dual Fuel systems.
- Wide range of sizes to cater for all spaces.
- An even higher heat output can be achieved via painted or powder coated models.
- Horizontal models fit neatly under windows.

PISA HORIZONTAL

Height (mm)	Length (mm)	Pipe Centres (mm)	Product Code	Output at $\Delta T50k$	
				Watts	BTU
600	1000	955	140063	369	1259
800	1000	955	140064	482	1645
