

ePro 7

Home charging, fit for the future.

Meet UPOWA ePro 7, our cost-effective, reliable and easy-to-install 7.2kW EV charger, designed specifically for housing developers and installers.

The UPOWA ePro 7 is our British-made EV charger, fully compliant with all charging regulations.

We designed the UPOWA ePro 7 specifically for housebuilders and installers and built it with quality, safety and reliability at its core.

It features a unique backplate mounting design, integrated Pen fault protection and screw less termination. This makes installation fast and hassle-free, saving time and cost.

The UPOWA ePro 7 is the safe, simple and future-proof choice for all home charging needs.

Explore ePro 7

Smart & future-proof charging

- Up to 7.2kW single-phase smart charging power
 - Compatible with all Type 2 charging cables
 - Multi-colour LED status indicator
 - Wi-Fi & Bluetooth connectivity
 - Integrated MID-certified meter
 - Over-the-air software and firmware updates
 - User-friendly UPOWA App for a seamless charging experience
 - Multiple-user accounts
-

Safe & reliable

- Compliant with Part S, Smart Charge Points Regulations and OCPP 1.6
 - UKCA and CE certified
 - Tamper security even without power
 - IP65 and IK10 sleek, robust and fully weatherproof enclosure
 - Built-in Pen fault detection, meaning no earth rod required
 - Built-in DC leakage protection, no Type B RCD required
 - 3-year standard warranty
 - Dedicated UK team for all planning guidance, design, installation and technical support needs
-

Quick & easy-to-install

- Installed in under 5 minutes thanks to a unique backplate mounting design
- 'Connect & click' toolless connector block
- No on-site commissioning, streamlines installation further, saving time and cost
- Cable entry to the rear or bottom of enclosure
- Wall or post mounted

Technical detail

Electrical specifications

AC nominal input and output

Rated input voltage	230V AC (single phase)
Rated frequency	50Hz
Rated output power	Up to 7.2kW
Rated output current	32A (adjustable)

Protection

Over and under voltage protection	Yes
DC leakage protection	Built-in 6mA DC RCM

Functionality

Charging socket	BS 62196 Type 2 socket
Charging mode	Mode 3 fast charging (BS 61851)
Status indication	LED indicator
Connectivity	Wi-Fi/Bluetooth
App	UPOWA Smartphone app for iOS and Android
Standby power consumption	1W

Mechanical specifications

Product dimensions (H x W x D)	303mm x 267mm x 130mm
Product weight	2.5kg (including backplate)
Mounting method	Wall or post mounted
Operating temperature	-10°C to +50°C
Operating humidity	<95%
IP / IK rating	IP65 / IK10

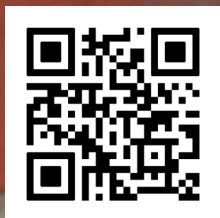

Compliance

Certification and safety standards	UKCA, CE, BS 61851, BS 62196, BS 7671, OCPP 1.6, Smart Charge Points Regulations 2021
